

# SCSC Annual General Meeting 2026

On April 28, 2026, Saigon Cargo Service Corporation (HOSE: SCS) successfully held its 2026 Annual General Meeting of Shareholders.

## Impressive Results

Despite a challenging and uncertain economic environment in 2025, the Company maintained strong growth momentum. Total cargo throughput reached 278,843 tons, up 4.3% compared to 2024. Total revenue for 2025 amounted to nearly VND 1,300 billion, an increase of 16% year-on-year, while profit before tax reached VND 940 billion, up 20% compared to 2024.

## Sustainable Development Strategy and Future Investments

Taking into account global geopolitical factors, tariff policies under U.S. President Donald Trump, and the Vietnamese Government's development orientation for the 2026–2030 period, the Company has set out the following strategic directions:

- Enhance corporate governance and investment efficiency in parallel with digital transformation and IT infrastructure upgrades.
- Build capabilities to participate in projects at Long Thanh International Airport and other airport developments.
- Invest in the construction of the SCSC-2 office building upon approval from the Air Force & Ministry of Defense.
- Implement a Logistics Platform model in air cargo logistics.

## Shareholder Value

The General Meeting approved a dividend plan of at least 30% in cash.

SCSC remains committed to delivering efficient growth and sustainable value for shareholders. SCSC stock is not only a growth stock but also a safe long-term investment aligned with the development of the aviation industry and the global economy.
